# CELEBRATING HILLINGDON'S FINEST: A NIGHT TO REMEMBER

**HILLINGDON  
BUSINESS  
AWARDS 2026**

**Amar Nota**

CEO, Hillingdon Chamber of Commerce

This evening marks a celebration of excellence, leadership and the businesses shaping the future of Hillingdon.

The Hillingdon Business Awards honour organisations and individuals who are not only achieving success, but redefining what great business looks like across our borough. From innovation and enterprise to leadership and impact, tonight recognises those setting the benchmark for others to follow.

Hillingdon's business community is dynamic, ambitious and forward-looking. It creates opportunity, drives growth and plays a vital role in strengthening our local economy. This evening is about recognising that contribution and celebrating the people behind it.

To our finalists and winners: your achievements reflect vision, resilience and ambition. You represent the very best of Hillingdon's business landscape.

I would also like to extend my sincere thanks to our sponsors and partners. Your continued support enables the Chamber to create platforms like this, bringing businesses together, celebrating success and strengthening our collective future.

On behalf of the Hillingdon Chamber of Commerce, welcome and enjoy a truly exceptional evening.

## About the Chamber

The Hillingdon Chamber of Commerce is a dynamic and forward-thinking business organisation dedicated to supporting the growth and success of businesses in the London Borough of Hillingdon.

With over a century of experience, the Chamber fosters an inclusive business ecosystem, providing local businesses with opportunities to connect, collaborate, and thrive. Whether you're an established company or a new start-up, Hillingdon Chamber offers resources, networking events, and advocacy to help you achieve your goals.

# OUR HOST

We are delighted to welcome Dave Sharpe as our host for the Hillingdon Business Awards 2026.

During his glittering career as an international event host, Dave has graced stages alongside royalty, government ministers, and A-list figures from the worlds of business, television, and sport.

A certified speaker coach and trainer, Dave helps people from all walks of life excel every time they present – on stage, on air, or online.

Dave is also a respected former BBC broadcaster, where he spent eighteen years reporting on non-league football matches and contributing to sports programming across local UK radio.

We are sure you will enjoy his warm, engaging hosting style.

# Tonight, you're celebrating success. Tomorrow, we help you build on it.

We take care of the finance essentials so you can focus on what matters most.  
**Growing your business.**

through Harrow, Richmond and Uxbridge Colleges (HRUC).

We're proud to deliver Apprenticeships and customised training that meets evolving skills needs and supports employers to recruit and upskill their workforce. We partner with advisory boards, business groups and local Chambers of Commerce to ensure our outstanding curriculum is industry-relevant and our recent Ofsted inspection rated us "Strong for Skills".

## With over 60 years of experience, we can support you with:

- Workforce recruitment and talent pipeline solutions, from screening to onboarding
- Finding an apprentice that's right for your business
- Customised and flexible training to help you upskill your existing workforce
- Specialist training through our portfolio of colleges
- Higher Technical Qualifications and technical skills training through our West London Institute of Technology.

## Data Centre Services

### Building the Future of Digital Infrastructure in West London

Colt DCS is investing £2.5 billion to build five cutting-edge data centres at our Hayes Digital Park Campus, strengthening West London and the UK's digital infrastructure.

Our first facility, LON4, is nearing completion with its initial capacity pre-let and the next phase scheduled for completion in early 2029. Once complete, the campus will create 500+ permanent jobs and train 50+ technical apprentices over a ten-year programme.

In partnership with Brunel University there are plans to develop an Innovation Hub, a collaborative space for start-ups and light-industrial businesses. The Hub will drive research, skills development, and entrepreneurial projects, giving students opportunities to develop technology-led ventures and support the digital economy.

**Heathrow is proud to be a longstanding member of the award-winning Hillingdon Chamber of Commerce. Working in partnership, together we are better able to deliver on our commitments to help develop skills, create jobs and encourage growth in the London Borough of Hillingdon.**

Heathrow is the UK's largest port by value with a network of over 230 destinations worldwide. By having the airport in the Borough of Hillingdon, it is important to share our vision of our strategic plans which outlines the high-level aspirations for Heathrow's future, enhance partnerships with our stakeholders, connects local people and our planet across all of our operations, making Heathrow a great place to live and work, while leading Net Zero aviation.

The smooth operation of our airport is dependent on the sourcing of a wide range of works, goods and services. From Cyber and Technology to Infrastructure and Operational procurement. We work with over 700 SMEs across our supply chain, and in 2023 our annual spending on SME amounted to nearly £200m. Given the scale of Heathrow's operation and its impact on the UK economy, Heathrow approaches its supply chain with an inclusive approach.

Heathrow's Lift Off programme has been supporting SMEs by introducing them to Heathrow and its supply chain partners and giving them the opportunity to showcase their innovative products and services. Every quarter, the team hosts a full-day event with a unique theme where 6 shortlisted SMEs pitch their solutions for the selected theme to Heathrow to senior colleagues and supply chain partners. Heathrow has

delivered 11 successful Lift Off events, receiving positive feedback and showcasing the best in SME innovation. Alongside the mainstream Lift Off, Lift Off Learner's Challenge is developed to provide work experience for university students including SEN (Special Education Need) students in support of their early career development.

Lift Off Q1 2026 event will take place on Friday 20<sup>th</sup> March 2026. The event will focus on Retail Logistics and Digital Retail Innovation, partnering with Heathrow's Retail Team to shape the future of the airport's retail experience.

Centered on the passenger, the vision is to blend smart technology with human care, using automation to streamline processes and create a seamless, personalised shopping journey that feels simple, engaging, and efficient. The event invites creative ideas to transform retail, from rethinking logistics and product offerings to introducing intuitive, fun shopping experiences, while keeping the passenger at the heart of every innovation, aiming for a smarter, more connected future for travellers worldwide.
